

EMERGENCY PLAN

IN CASE OF AN ACCIDENT

1. Do NOT move the patient
2. Call EMT; give ring location (warm-up or show)
3. Catch the horse
4. EMT will evaluate and determine the status
5. If required; call 911 and/or veterinarian
6. Ring master will move fencing for ambulance access and keep all spectators and exhibitors clear of the area
7. Designate someone to show ambulance to location of patient
8. Show will hold until all emergency vehicles have left the area
9. Show steward and medical personnel will complete USEF accident and injury report
